

**There will be no negotiations and contracts with Teachers Unions.**

*They have no value; inflate costs; are disruptive; highly politicized; and, conflict with the freedoms advanced in the Bill of Rights. Teacher compensation, and benefits, will be restructured by the Commission.*

**Prior to the Alliance, Reform advocates will recruit and empower supporters to become Activists for passage of the Education Bill of Rights legislation; and, the legal formation of the Commission.**

The "Take Action" section on the website provides information on the Reform Education Campaign. The theme will be: **Excellence In Education**. Promotional materials and services will be available for: Radio; TV; Print; and Digital media. **Allied organizations will partner.**
