

An estimated **31 to 35** states will want to reform their failed school systems by using the **Citizen Controlled Education** model, to: revitalize learning for all students; achieve significant cost savings; and, affirm the principles that our nation was founded on: ***Liberty... Equality... Community ... Life... and, Faith.*** That our rights come from God, not Government.

Public education must “cultivate civic virtue and character in students”. Millions and millions of voices will be heard at rallies across the nation, chanting: ***“Our Children... Our Money... Our Freedoms... Our Education Rights!”*** Elected representatives denying constituents their Education Rights will be committing **POLITICAL SUICIDE!**
